EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In each of claims 4, 6, 7, 8, 10, 12, 21, 22, 23, 24, 26, 30, 31, and 32, the improper claim status identifier (previously amended) has been deleted and the proper claim status identifier - - (previously presented) - - substituted therefore. Applicant is reminded under 37 CFR 1.121, effective July 30, 2003, on 7 acceptable status identifiers exist and one must be used with each claim. As this was the only issue preventing allowance, rather than hold the amendment non-responsive or delay in contacting applicant, the examiner has corrected the deficiency above as the merits of the claims have not been amended.

The following is an examiner's statement of reasons for allowance:

Patentability is seen in, although not limited to, the method/system as set forth in each independent claim including the combination of steps/elements wherein the player selected number being at least two non-consecutive rounds

or similarly phrased language. The prior art of record fails to show or fairly suggest (paraphrased) playing over a plurality of rounds of play where the rounds are non-consecutive. This aspect is brought out by the present amendments to each of the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jessica J. Harrison whose telephone number is 703-308-2217. The examiner can normally be reached on M-F during business hours.
